The above information is complete and accurate.

The work I am submitting is entirely my own, except where clearly indicated otherwise and correctly referenced.

I have not received assistance from anyone else during the online assessment.

I have taken (and will continue to take) all reasonable steps to ensure my work is not accessible to any other students who may gain unfair advantage from it.

Mark all the boxes below to indicate that you understand that:

Plagiarism and collusion are dishonest, and unfair to all other students.

Detection of plagiarism and collusion may be done manually or by using tools (such as Turnitin).

I am aware that investigation of academic misconduct may require me to sit an interview should it be needed.

If I plagiarize or collude, I risk failing the unit with a grade of ANN ("Result Annulled due to Academic Misconduct"), which will remain permanently on my academic record. I also risk termination from my course and other penalties.

Even with correct referencing, my submission will only be marked according to what I have done myself.

It is my responsibility to ensure that my submission is complete, correct and not corrupted.
